Hey there!

I'm Gonzalo, master's student pursuing a Double MSc degree in Human Computer Interaction and Design offered by the European Institute of Technology (EIT). I have a specialization in **Computational Interaction** from Aalto University in Helsinki, Finland. At the same time I am part-time pursuing a distance BS in Telecommunications.

I am passionate about working at the intersection of design and technology.

I consider myself a restless, curious and proactive person. In my free time I enjoy learning about technology and design, practicing sports, and nature.

EXPERIENCE

TECH STACK

Software Engineer - MSc Thesis

January 2022 - now

Devo INC Madrid, Spain

JS

TS

Jupyter

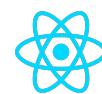

Python

HTML

CSS

React

Redux

Jest

Mocha

Git

Jira

HighCharts

D3

Figma

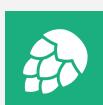

Storybook

Jenkins

GH Actions

UI + FrontEnd Engineer

December 2020 - January 2021

Hopsworks Stockholm, Sweden

Software Engineer (Machine Learning)

March 2020- August 2020

DEVO Inc. Madrid, Spain

Software Engineer Associate (Machine Learning)

October 2019 - March 2020

Junior Software Engineer (Machine Learning)

June 2018 - October 2019

Design and Product Developer

October 2017 - March 2018

Ismaël Carré Toulouse, France

Layout Designer

January 2017 - October 2017

DEIC, UCM Madrid, Spain

Liason to EU for G7 Tech. Summit

May 2016

G7 Tsukuba, Japan
